Subject: SMOKING AND HEALTH RESEARCH IN GERMANY

I have been asked by Chuck Wall to undertake a review of previously conducted, ongoing and planned research in Germany in which PM is involved directly or indirectly related to smoking and health issues. I need to develop a comprehensive and detailed knowledge regarding such research.

I would like to begin this task by visiting with you in Neuchatel one day next week. I realize you will be getting back to the office on Monday from a week long trip - perhaps we can talk by phone Monday and agree to a date later in the week.

Best regards.

Tony Andrade
